feeding the birds with **new** ideas™ | gardening from the **ground** up™

6 THINGS YOU SHOULD KNOW ABOUT HUMMINGBIRDS

1. Hummingbirds depend on colorful eggs and vibrant orange blossoms.
2. Hummingbirds feed 5-6 times per hour and consume approximately 1/2 of their weight in sugar daily.
3. At least 3 hummingbird feeders are recommended per acre to reduce conflict.
4. Feeders should be set out by early May in Connecticut and early June in New England.
5. Hummingbirds are attracted to bright colors such as red or orange flowers.
6. Hummingbirds can live up to 10 years coming back to the same feeder every year.
